### CHARLES RIVER ASSOCIATES (CRA) ANNOUNCES EXPANDED SHARE REPURCHASE PROGRAM

BOSTON, July 6, 2010 — Charles River Associates (NASDAQ: CRAI), a worldwide leader in providing management, economic, and financial consulting services, today announced that its Board of Directors has authorized an expanded share repurchase program of up to \$5 million of its common stock, in addition to the currently existing share repurchase program. In June 2007, the Company announced that its Board of Directors authorized a share repurchase program of up to a total of 1,500,000 shares of its common stock. As of July 2, 2010, the Company has repurchased 1,340,182 shares under the existing plan.

CRA will finance the existing and expanded repurchase programs with available cash. The Company may repurchase shares in open market purchases or in privately negotiated transactions in accordance with applicable insider trading and other securities laws and regulations. The timing and extent to which the Company repurchases its shares will depend upon market conditions and other corporate considerations as may be considered in the Company's sole discretion. The Company currently has approximately 11.0 million shares of common stock outstanding.

"CRA has the financial resources available to fund the existing and expanded share repurchase program while continuing to execute our corporate strategy," said Paul Maleh, CRA's President and CEO. "We currently have in excess of \$86 million in cash and equivalents and short-term investments and a \$60 million revolving line of credit. We believe this additional repurchase program is a prudent use of capital and a reaffirmation of our commitment to building shareholder value over the long term."

#### About Charles River Associates (CRA)

Charles River Associates(R) is a global consulting firm specializing in litigation, regulatory, and financial consulting, and management consulting. CRA advises clients on economic and financial matters pertaining to litigation and regulatory proceedings, and guides corporations through critical business strategy and performance-related issues.
